

Bollard, Model R-1009-04

General Description:

Reliance Foundry's R-1009-04 ASTM M30 crash-rated bollards can be counted on to stop dangerous vehicle intrusion into pedestrian areas. This anti-ram bollard is certified to ASTM F2656-07 M30 P1 with the capacity to stop a 15,000-pound vehicle travelling at 30 mph. Although crash-rated, installation of these security bollards is convenient and easy, with no assembly or specialty subgrade required. Crash-rated bollards ship pre-assembled and do not require any welding or bolting. Removable options available, as well as decorative covers to enhance aesthetics.

For more information on bollard post installation, please visit: www.reliance-foundry.com/bollard/installation-bollards
