

TRASH BIN R-5002

DETAIL C
SCALE 1 / 2

SECTION B-B
SCALE 0.12 : 1

General Description:

With its sleek, contemporary design, the R-5002 litter receptacle complements any streetscape. Made of 316 stainless steel inside and out, it features a top open lid with an internal receptacle, which makes removing garbage an easy task. The R-5002 trash receptacle can hold 34.4 gallons of waste and can be bolted down securely to most concrete surfaces. The R-5002 commercial garbage can is the perfect fit for any mall, park, residential complex, or other outdoor space.

Specifications:

Height : 46"
Weight : 105 lbs
Material : STAINLESS STEEL

Finish Options:

○ Satin #6 Buffed

Care and Maintenance:

Despite its natural anti-corrosion properties, stainless steel may corrode if cautionary procedures are not followed, or if products are neglected for extended periods of time. High-saline environments or other areas with high exposure to chlorides may increase risk of stainless steel corrosion. Regular cleaning will maintain optimal condition and appearance.
