### General Description:

The R-9471 single-locking retractable bollard can retract fully below ground. It eliminates tripping hazards and obstruction by closing flush to the surface. The bollard can be locked in an extended, upright position, and lowered back down using the key. Versatile design offers alternative mountings, including removable and fixed options. A sleek, contemporary aesthetic fit for modern landscapes. High-quality 316 grade stainless steel with #6 satin finish guarantees corrosion resistance. Select from 1 of 4 reflector stripe colors for enhanced visibility.
